

I want to see  
it immediately  
where if it were  
in my watch the  
result might be  
injurious to the  
watch.

love you dear #2  
I love you dear

I love you dear  
I love you dear  
I love you dear  
I love you dear  
I love you dear  
I love you dear  
I love you dear  
I love you dear  
I love you dear

come back. Did you feel as though  
you must fly to me and "never,  
never - never" - leave me again?, If  
you had come flying to me dear,  
I would have caught you with  
both arms wide open and I would  
have held you so tightly, so very  
tightly that you couldn't leave me  
again. I can't let you go again  
it is too much. Love love love  
isn't it glorious dear? - Love like  
yours and mine. I can't get over  
it to think that I can't go up  
to see you this afternoon at half  
past three. There is nothing that  
will take up my mind. I can't

go next Sunday or next Sunday  
or next Sunday but it will be  
"only for a short time" won't it?  
It makes it seem a little shorter  
to say that and think that - but  
I want you, I want you I want  
you you you you you come  
back dearie.

I love you. !.!.!

I never thought that I would  
ever be writing letters like these  
either, dearie, I hadn't ought  
to get so desperate had I, it makes  
you feel so badly while you are  
away trying to enjoy your vacation.  
I don't want my letters to bring  
tears, and yet I do, Oh dearie  
I don't know what I do want

except you, I cannot help but  
get desperate, hard as I try, I  
want you I want you I want you.  
The harder I try to make my  
letters make you laugh, the  
harder I try to make them  
sound cheerful and bright, the  
more desperate I get and the letters  
have just the opposite effect. I  
want to hold that dear head in  
my arms and kiss and kiss  
and kiss and kiss and kiss  
and kiss and kiss and kiss  
those tears away. I am  
selfish dear, that is the matter,  
I am too selfish to make my-  
self cheerful and to try and make  
you cheerful too. I will keep  
trying and perhaps you will get

Remember me  
to your folks  
and tell them  
that I would  
like to be  
there (you  
know why)  
I shall come,  
I must. Your  
little picture  
is in one of  
my note books  
now, where I  
can get at it  
easier, you  
know, how hard  
it was to open  
my watch cover.

I love you dear  
I love you dear  
a cheerful letter, one that will make  
you laugh, one that will make  
you scream. When we finally do  
get both ends to meet, we will  
put them together so that they will  
never come apart. This will be  
absolutely the last time that we  
will have another separation like  
this. I can't tell you any news  
for I don't know what is going  
on around here. I shall stay in  
New Hampshire, Rhode Island until  
you return. Come soon won't you  
dearie. Write as often as you can, it is  
all that I have now you are gone. Come  
back dearie. I love you - Chester.
